Hub Elevator (PVT) Ltd was founded in Karachi as a subsidiary of Haji Hameed Engineers & Suppliers (HHES) which is a pioneer in electrical and mechanical engineering works

SINCE  
**1970**

# OUR FOUNDER

## MR HAJI ABDUL HAMEED (LATE)

Introducing the visionary behind HHES, Mr. Haji Abdul Hameed, son of Ghulam Hussain was born in Karachi in 1946. He lost his mother when he was just two years old. He didn't give up when he reached to 18 years he started working as a fabricator in Caltex oil company in 1967. At the age of 24 years when the Caltex company got privatized he started his own firm named A.Hameed Engineering Works (AHEW) in 1970. With his unparalleled determination and expertise, he single-handedly laid the foundation of this remarkable firm. HHES stands as a testament to his unwavering commitment to excellence and innovation. Join us in celebrating the legacy and achievements of the one and only founder who shaped the success story of HHES.

# ABOUT US

## CREATING VERTICAL EXCELLENCE TOGETHER

Welcome to the future of vertical transportation and engineering solutions. Hub Elevator and Haji Hameed Engineers & Suppliers have joined forces to provide you with a comprehensive range of elevator systems and engineering services, setting new standards in innovation, quality, and reliability. Explore our catalog to discover the combined strengths.

## HAJI HAMEED ENGINEERS & SUPPLIERS PIONEERING ENGINEERING EXCELLENCE

Haji Hameed Engineers & Suppliers is a renowned name in the field of engineering solutions. With a heritage of over 50 years, our company is synonymous with precision, innovation, and unmatched service.

## HUB ELEVATOR - ELEVATE YOUR EXPECTATIONS

Hub Elevator has been a leading name in the elevator industry for over three decades. Our commitment to delivering state-of-the-art vertical transportation solutions has earned us a reputation for excellence, safety, and sustainability.

## **Our Goal**

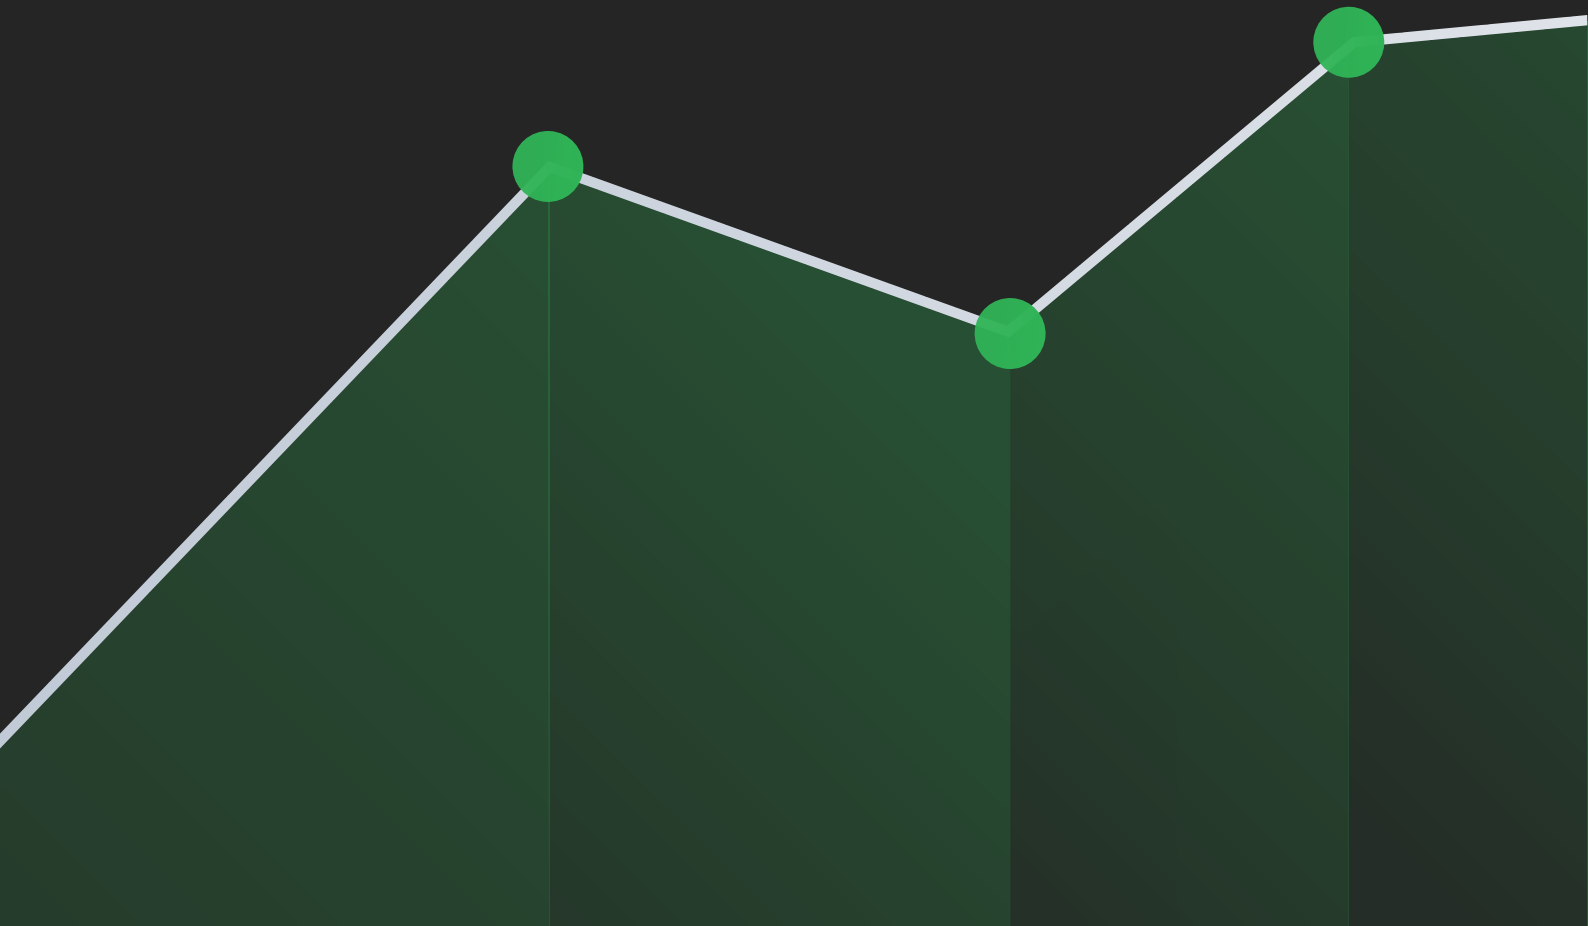

With a commitment to quality, safety, and innovation, our goal is to provide a comprehensive range of elevators and escalators designed to meet your specific needs. Whether it's a residential building, commercial complex, or industrial facility, we have the right elevator solution for you.

## **Our Vision**

With a focus on tailored designs and cutting-edge technology, we have set the benchmark for quality and reliability in the industry.

## **Our Values**

Our comprehensive engineering capabilities have made us a trusted partner in various sectors, from construction to industrial projects.

# Technologies We Use

- The technologies align with all the significant safety precautions, with every standard maintenance requirement tested and approved.
- This technology utilizes manually panelized gearless technology with deviating speeds.
- The lifts associated with this technology are lower-cost mechanisms but with a slightly smoother operational capability.
- This Technology is maintaining speed and the breaking mechanism that possesses minimum to no jerks while traveling with highly smooth operational capability.
- We provide imported, semi imported & Customized Elevators.

# Our Products

## Passenger Elevators

Elevate your building's appeal with our passenger elevators. Sleek, efficient, and customizable, they offer a seamless and comfortable journey to your destination.

## Freight Elevators

For industrial and commercial applications, our freight elevators ensure the safe and efficient movement of goods within your facility.

## Home Elevators

Enhance your home's accessibility and convenience with our residential elevator options. They are not only functional but also stylish, space-saving & electricity saving.

## Bed-Space Elevators

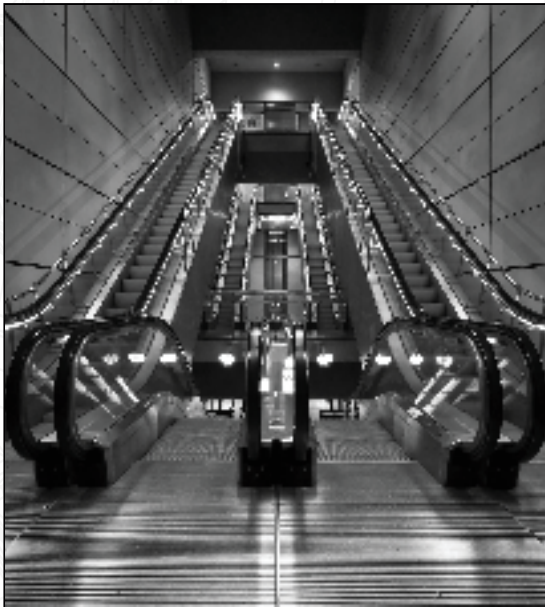

Ideal for hotels, hospitals, and commercial spaces, our service elevators are designed to handle heavy traffic while ensuring safety and reliability.

## Dumbwaiters

Our dumbwaiters are perfect for restaurants, hotels, and residences, streamlining the transport of small items with ease and efficiency.

## Escalators

Our state-of-the-art escalators will elevate your building's functionality, aesthetics, and efficiency to new heights. Whether it's a commercial complex, shopping mall, or residential building,

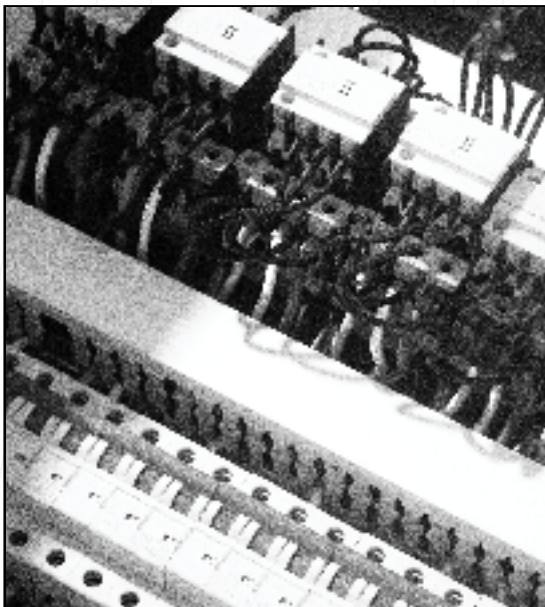

# Our Services

## New Lift Installations

The structural components of your elevators installation. Ensuring safety, stability & timely delivery of your projects are our first priority.

## Customization & Modernization

Our lift customization & modernization services are tailored to transform your aged elevators into cutting-edge vertical systems.

## **Project Management**

Our experienced project management team will ensure that your project is completed on time, within budget, and with the highest quality standards.

## **Consulting Services**

Rely on our engineering and technical consulting services for expert advice and solutions in various sectors.

# Why Choose Us?

## Innovation

Our commitment allows us to harness the latest technology and design trends, ensuring our products and services remain at the forefront of the industry.

## Quality

Both Hub Elevator and Haji Hameed Engineers & Suppliers have a longstanding commitment to quality, and this merger reinforces our dedication to excellence.

## Sustainability

We are committed to eco-friendly practices, ensuring our elevator systems and engineering solutions are as energy-efficient as possible.

## Customization

We understand that every project is unique. Our range of options and personalized services cater to your specific needs.

## Customer-Centric Approach

Your satisfaction is our priority. We work closely with you to ensure that your expectations are not only met but exceeded.
